

Project 1

User interface

The image shows a user interface for a "Change Calculator". It features a title "Change Calculator" at the top. Below the title, there is a label "Enter number of cents (0-99):" followed by a text input field containing the number "68". To the right of the input field is a button labeled "Calculate". Below this, there are four rows of labels and input fields: "Quarters:" with a field containing "2", "Dimes:" with a field containing "1", "Nickels:" with a field containing "1", and "Pennies:" with a field containing "3". The entire interface is enclosed in a dark gray border.

Change Calculator		
Enter number of cents (0-99):	<input type="text" value="68"/>	<input type="button" value="Calculate"/>
Quarters:	<input type="text" value="2"/>	
Dimes:	<input type="text" value="1"/>	
Nickels:	<input type="text" value="1"/>	
Pennies:	<input type="text" value="3"/>	

Operation

- This application allows the user to enter a number of cents from 0 to 99.
- This application displays the minimum number of quarters, dimes, nickels, and pennies that represent the coins that make up the specified number of cents.

Specifications

- Do not assume that the user will enter a valid integer value for the number of cents.
